Inter-Island Company Bases Increased Tariffs Upon Rising Cost of Operation

PASSENGER AND FREIGHT

While Patronage Has Not Fallen Off Decidedly Navigation Conditions Are Abnormal

For nearly two hours yesterday offi cials of the Inter-Island Steam Naviga tion Company explained to members of the public utilities commission reasons for increasing the freight and passennew freight and passenger tariffs, which it is proposed to put into effect on September 1 contemplate increases in passenger fares from twenty-five to fifty cents to varying points and a similar increase in the freight rate per

After a pleasant discussion of freight and passenger rates in general, in which Chairman Forbes propounded a series of questions touching the funda-mental principles of the transportation business, it was finally brought out that the chief reason for the increase in rates was due to the increased cost

of operation.

If it ultimately costs more to travel from point to point in the Islands, and the shipping of freight proves more expensive, it will be due almost entirely to the increased cost of operation, according to officials of the Inter-Island Company.

Company Is Prosperous

But the increase in the cost of fuel. wire, paints and oils and other material ments. connected with the operation of the company's fleet, from twenty to one bundred and fifty per cent, was so great that it became necessary for the company to raise the rates to certain points to which it had heretofore been operating at a loss and to other points.
As an example, it was explained that during the first six months of the cur rent year the cost of fuel had increased more than \$23,000 for the corresponding period of 1915. Figures of the increase in the price of other materials connected with the operation of the company's boats showed a corresponding increase.

On the face of the figures for freight and passenger service during the first er was represented in the argument by six months of this year it appeared Deputy City Attorney A. M. Cristy, that no radical change in the rates would be warranted. For instance from January 1 to June 30, 1915, the passenger receipts were \$147,245.55. As brief for the respondent. against passenger receipts of \$146,447.55 for a similar period this year, the difference shown in receipts is only \$798. Freight receipts for the f months in 1915 were \$545,310.07, as against \$536.779.86 for a similar period bis year, the difference in freight re ccipts being \$8,530.21.

Cost of Coal Soars High

While the reduction in freight and passenger receipts for 1916, being \$9, 328.21, is insignificant as compared with Paia Postoffice Scandal Results the first six months in 1915, the in crease in the cost of coal alone, approxi mately \$23,000,00, more than justifies the demand for an increase in rates This point was emphasized by the fact that the company consumes more than 10,000 tons of coal annually. One the other hand Chairman Forbes

brought out the fact that the company in 1915 declared a dividend of nine per cent, that the stock of the concern quoted at \$185 a share, and that an in surance fund is carried by the company totaling \$600,000 for protection against loss by disaster and deterioration of equipment.

During the year 1915 the company's ships carried more than 64,000 passengers. This year the number is slightly

exposition year.

But of more importance to residents in freight rates. Most of the increase made in the rate for heavy shipments. The new tariff contemplates an increase in the shipping rate of cattle, including steers, hogs, sheep, rice lumber and to the proposed increase in rates was general merchandise. These increases made at the meeting. Neither Chairapproximate about fifty cents per ton. Passenger Rates Revised

The passenger rates to ports in the whether the commission would author- Island of Hawnii from Honolulu are ize the increase. The report of the three dollars and twenty five cents for deck passage to all ports. The cabin rate to all other ports in the Island of Hawaii is ten dollars, except in the case of Hilo, which is twelve dollars and fifty cents; Napoopoo, Hookena and Hoopuloa, eleven dollars each, and Honuapo, thirteen dollars. Deck passage to Maui ports is two dollars and sevenfrom five dollar to eight dollars. Molo-passenger rates was sought, kai and Lanai ports will be two dollars. No Complaint Is Lodged

## CHINESE AMAZONS IN STREET MELEE

Mrs. Sing Moy Sung and Mrs. Chuck Luck Have Slugging Match

After a fistic encounter in the neighporhood of Kukui and Liliha street, iast night, with Mrs. Sing Moy Sung, in which she received a highly discolored eye, Mrs. Chuck Luck dashed into the police station and called for help. Two children clung to the belligerent woman and her husband followed to

render verbal assistance.

The impromptu boxing exhibition on the street followed, it was learned

For the purpose of investigating the business conditions of the Hilo Electric the station, it was charged that Mrs. Company, the entire public utilities Chuck Luck had encountered Mrs. Sing Moy Sung in the street and, after pass ing uncomplimentary remarks, chal-lenged her to do battle, Without hesitation, Mrs. Sung accepted the challenge, and during the furious round ac anding to prize ring rules Mrs. Luck the t section by a well-directed blow

In her own defense, however, Mrs. tick alleges that Mrs. Sung was able to vanquish her only through the assistance of Sing Moy Sung and Mrs. unludylike names. She swore to a and Mrs. Lee Look with assault

### FORBES WILLING TO PAY

Charles R. Forbes, superintendent of public works and chairman of the pub-Governor Pinkham yesterday approved the application filed by the Libus terday that he will pay the tolls on cables sent by himself as chairman of the contention the commission, should the contention 1000 to \$3,000,000, and to increase its of the Territory auditor that the mescanatalization from \$2,500,000 to \$5, sages were not on public business be
